

Passion for Perfection

The KENT fireplace mantel design showcases a striking geometric silhouette with clean, angular lines and a crisp white finish. Its bold and contemporary style makes it a perfect focal point for modern interiors, adding a touch of sophistication to any room.

FEATURES

- Non-combustible concrete
- Compatible with most wood burning gas and electric fireplaces
- Paintable stone texture
- Maximum opening: 48"W x 42"H

TRAVERTINE

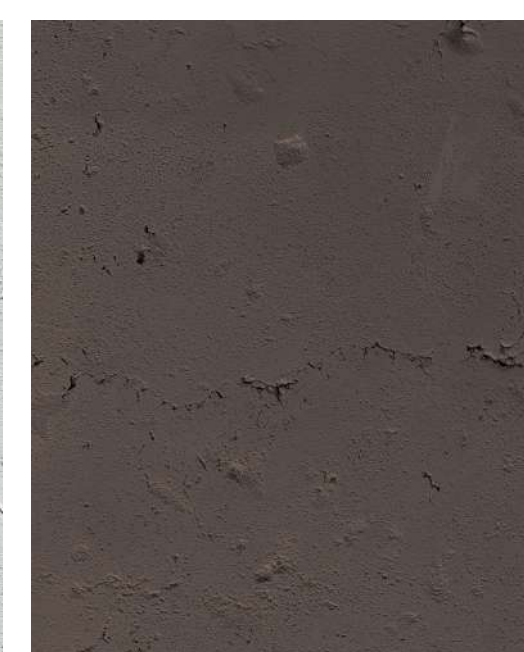

Drawing inspiration from classical Roman aesthetics, this unique and complex texture imbues our FOUNDATION collection with rustic depth and beauty reminiscent of ancient splendour.
